Dear Bob:

Please excuse me for writing no additional biographic material. With the copies of WHITEWASH II I have sent you there is a copy of my printing of WHITEWASH which has some biography onthe back cover.

I am just too snowed under. The New Orleans book is now 100,000 words instead of 35,000, three weeks late and not quite done. I will probably lose my contract on the Manchester book because of the delay in it, and there are already 1300 people waiting for WHITEWASH III.

If you need more copies of either book please let me know.

Sincerely yours,

Harold Weisberg
